

how to find your worker ID

Some of the benefit plans and other programs provided to you as a Chevron employee may require you to provide your **Chevron Worker ID** to verify your eligibility to register and use tools, resources, apps and websites. Your Chevron Worker ID is a unique identifier that's provided to all employees. You may locate your Worker ID through Workday (requires intranet access).

find your Worker ID in Workday

1. Go to [Workday](#) from the Chevron intranet.
2. Navigate to the person icon in the upper right.
 - Click the person and then click View Profile.

3. In the left navigation, click Job.
 - Under Job Details, the Employee ID that's shown can be used in the Chevron Worker ID.
